**how to read**

**candlestick chart**

June 6th, 2020 - a

candlestick is

said to be bullish

if the close price

is higher than the

open price as a

trader you can

choose any color

you want to

represent a

bullish

candlestick but

white or green is

normally used to

indicate a bullish

direction the

upper wick lies

between the period

s high and close

price while the

lower wick lies

between the period

s low and open

---

---

price'
