goodreads

May 29th, 2020 -
grandmother fish
presents the idea
of evolution in a
manner that
children can
conceptualize they
can see the family
tree and watch how
the actions
gradually progress
to more human like
capabilities
although evolution
is not supported
by all this book
gives examples of
myths and
incorrect
assumptions at the
back and ways to
describe evolution
correctly to your
child' 'bbc earth
the lucy fossil
rewrote the story
of humanity

May 27th, 2020 -
if that is true
the 3 million year
old lucy arrived
quite late in the

evolution older
fossils such as
the 4 4 million
year old
ardipithecus
described by white
and his
colleagues'
'scientist
smackdown did ardi
change the story
of human

May 12th, 2020 -
the 4 4 million
year old find
shakes up our
understanding of
our own history
white said
primarily the
story of how and
when we learned to
walk ardi cast
doubt on the
widely accepted
view that our
ancestors became
bipeds because

they left the
forest and entered
a flatland savanna
habitat that
demanded it'
